On Behalf of the entire support service staff we would like to welcome everyone back to another exciting year of teaching and learning here at Cicely Tyson Elementary School. We look forward to working with our Tyson Elementary School family as we prepare to introduce a variety of social service programs for our students, staff and parents/guardians. The CTES educational support staff mission is to cohesively work with administration to address the academic, social, personal, career and developmental needs for our students. The support service staff serves as a resource to promote family involvement and community outreach to encourage a working relationship which will enhance personal growth, social development, self-awareness, and academic excellence.

In order to achieve these standards the educational support service team has outlined the following goals and objectives for the 2016-2017 school year:

- H.I.B. (Harrassment, Intimidation, and Bullying) and School Safety Awareness programs.
- College and Career Readiness programs
- Group and Individual Counseling
- Behavior Incentive Program
- I&RS (Intervention and Referral Services)
- Community/Parental Resources
